Welcome to Culture Night 2021!

Culture Night is a UK and Ireland-wide initiative where local arts and cultural organisations, venues and public spaces usually open their doors to the public to host free entertainment, as part of a celebration of arts, heritage and culture.

Whilst COVID-19 may have cancelled many of our plans over the last 12 months, doors are now re-opening and new plans are being hatched! We are delighted to present Fermanagh & Omagh Culture Night 2021, showcasing the wealth of diversity and talent across our district.

The 2021 programme is again a combination of live-streamed, in-person, pre-recorded and online activities and events. We have film, literature & language, music, heritage, drama and multi-arts activities.

Please remember to socially distance at the live events, and you may be required to wear a mask for indoor activities. Stay safe and have a great night!

7.00-10.00pm

Presentation : 7.30pm

The exhibition "The Good Room" at Fermanagh House will feature locally created crochet arts, stories and photography made by older Fermanagh residents, carers and friends. The exhibition will tell a story of this unique period in our lives where for the past year and a half our lives have been centred at home with our precious and vulnerable shielded, often behind glass or perspex. We hope to comment on our experiences of what life was like during lockdown and Covid, its challenges and loss. We will show how we have managed to come through this period by reconnecting with one another through conversation and the arts and, in spite of the great difficulties, we remain.

The exhibition was created by Fermanagh residents in collaboration with the Rural Housing Association and Community Arts Partnership. Community Arts Partnership received support for this project from the Community Foundation for Northern Ireland through the Community Arts, Culture & Heritage Fund, as well as the Department for Communities. The Rural Housing Association received support for this project from the Prince's Countryside Fund.

Celebrating the Travelling Community's Connections with Irish Culture

8.00pm

The event will look at and celebrate the contribution that the Travelling community has made to traditional Irish music and at the connection that exists between Cant (language used by the Travelling community) and the Irish language.

This event is being organised by the Council in partnership with Áras Uí Chathail Access Centre in the National University of Ireland, Galway. The aim of the Access Centre is to encourage people from the Travelling community to take more advantage from formal education. Lack of formal education is seen as one of main reasons why the Travelling community experiences a high rate of social problems.

The event will begin with short talks by Oein De Bhairduin, from the travelling community, and Professor Dónall Ó Baoill on the Cant language and the link between Cant and Irish. This will be followed by an open discussion on this topic.

The rest of the event will feature music, stories and songs associated with the Travelling community. This will include singing in Cant, piping music and traditional music tunes, that relate to the travelling tradition, from top class local musicians Shane McAleer (fiddle) and Peter McKenna (uilleann pipes). This is a follow-on event to training that was made available by the Good Relations unit of Fermanagh and Omagh District Council to members of staff during which the link between native Irish language and culture and that of the travelling community come to light.

Admission to this event will be free of charge but places must be reserved. This can be done on-line at www.struleartscentre.co.uk or by contacting the Box Office at 028 82247831
