

FOCUS ON: ENNISKILLEN PUBLIC REALM

projectupdate

Kerbing and paving continues to progress well throughout the town with 60% complete.

All works are substantially complete on East Bridge Street with the exception of street trees and litter bins, with the road surfacing completed in September along with the installation of the new pelican crossing near the junction with Regal Pass.

Footway works have been completed from Clinton Centre up to Mount Lourdes gates and then to the Thai kitchen on the left hand side of Belmore Street.

Footway works have also been completed from St Macartin's Cathedral to Middleton St Junction (Savers).

Church Street road surfacing has been completed this week.

90% of street lighting columns have been installed with 80% of the street lighting columns lit and in use.

Approx 46% of pits for street trees have been installed with the trees due to be planted in early 2022.

East Bridge Street

upcomingworks

Belmore Street
