Third party public liability insurance

You must have third party public liability insurance for your XL Bully dog. The cover must start no later than 1 January 2025. Dogs Trust include insurance as part of their Companion Club membership www.dogstrust.org.uk/support-us/membership

You must renew this membership each year for the life of your dog. Proof of public liability insurance will be requested annually. This membership must be in the same name as the person applying for the exemption.

If you use a different insurance provider, you must check that the policy:

- covers you for death or bodily injury to any person caused by the exempted dog.
- is suitable for a prohibited breed as defined under the Dogs (Northern Ireland) Order 1983 as amended by Dangerous Dogs (Northern Ireland) Order 1991.

Neutering

You must arrange to have your XL Bully dog neutered through castration if it's male or spaying if it's female. Once your dog has been neutered, you must fill in a confirmation of neutering form www.fermanaghomagh.com/dog/licensing//xl-bully/Neutering Form and return it to us.

When you need to do this depends on how old your dog is on 31 December 2024:

- if your dog is **18 months** or older, we'll need the form by **30 June 2025**

Application for a Certificate to keep an XL Bully type dog in Northern Ireland

- if your dog is younger than **18 months**, we'll need the form by **30 June 2025** or within one month of the dog turning **18 months**, whichever is later.

If your dog has already been neutered, you can fill in the form straight away and return it to us.

Microchipping

All dogs in Northern Ireland must be microchipped at eight weeks old. All dogs must be microchipped before an owner applies for a dog licence.

Dog owners are responsible for ensuring that the contact details held against their dog's microchip number are accurate. If the details are not accurate, the dog is not considered as microchipped, and the dog licence will not be valid.

If you're not sure if your dog is microchipped, you should ask your vet.

If your dog is less than 8 weeks old when you apply for a Certificate of Exemption, you'll have until **31 March 2025** to send us the microchip number. You can do this by emailing dogcontrol@fermanaghomagh.com or posting a letter to the address above.

If a vet certifies that your dog is unfit to have a microchip for a period of time, you must send us a copy of the veterinary certificate by 31 March 2025. Once the certificate expires, you must have your dog microchipped and send us the microchip number within 28 days.

Licensing

All dogs in Northern Ireland must be licensed. A dog licence lasts for 12 months. Application forms for a dog licence, or for the renewal of a dog licence, are available www.fermanaghomagh.com/services/do-it-online/dog-licensing or from council offices
