Draft Plan Strategy

Draft Plan Strategy 2030

The **Draft Plan Strategy** (PS) is the first formal stage of our **Local Development Plan** (LDP) and follows on from the Preferred Options Paper of 2016.

The Strategy takes account of the particular characteristics of our district and the views of our residents, consultees and Council members on the planning framework for the district until 2030.

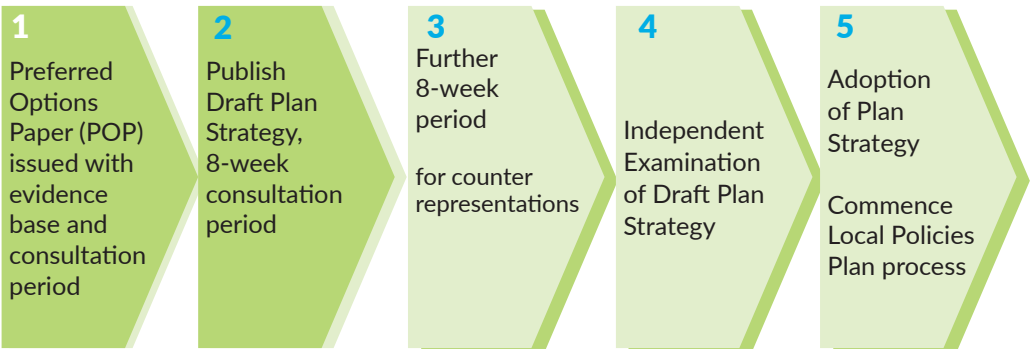

The Strategy sets out how the area will change and grow over the period up to 2030.

How we got here:

The **Draft Plan Strategy** is the first of two documents which shall comprise the **Local Development Plan**. It has been developed following extensive consultation over an 8-week period in 2016 to our **Preferred Options Paper**.

The responses received have been important in developing the strategy and development management policies within the **Plan Strategy**.

Where we are:

What happens next?

Following receipt of comments regarding the soundness of the Draft Plan Strategy, a further 8-week period will be allowed for receipt of counter-representations. The Council shall take all these into consideration in the preparation of the Plan Strategy. The Council shall then publish both sets of representations and a submission shall be made to move to Independent Examination.

Your Views - Soundness Test

The new development plan system requires a test of soundness which requires our plan to be tested in terms of content, conformity and the process by which it was produced. The tests consist of;

Procedural tests

- P1** Has the DPD been prepared in accordance with the Council's timetable and the Statement of Community Involvement?
- P2** Has the council prepared its Preferred Options Paper and taken into account any representations made?
- P3** Has the DPD been subject to sustainability appraisal including Strategic Environmental Assessment?
- P4** Did the Council comply with the regulations on the form and content of its DPD and procedure for preparing the DPD?

Consistency tests

- C1** Did the Council take account of the Regional Development Strategy?
- C2** Did the Council take account of its Community Plan?
- C3** Did the Council take account of policy and guidance issued by the Department?
- C4** Has the plan had regard to other relevant plans, policies and strategies relating to the Council's district or to any adjoining Council's district?

Coherence and effectiveness tests

- CE1** The DPD sets out a coherent strategy from which its policies and allocations logically flow and where cross boundary issues are relevant it is not in conflict with the DPDs of neighbouring Councils;
- CE2** The strategy, policies and allocations are realistic and appropriate having considered the relevant alternatives and are founded on a robust evidence base;
- CE3** There are clear mechanisms for implementation and monitoring; and
- CE4** It is reasonably flexible to enable it to deal with changing circumstances.
